

Voter Guide—Mecklenburg County, NC

GENERAL ELECTION - NOV. 8, 2011

KNOW BEFORE YOU GO !!

Before heading to the polls, please make sure your registration is up to date so your vote will count on Nov. 8. See below for Board of Elections contact information.

Using One-Stop Early Voting is also the best way to vote if your registration is not up to date.

See back cover for One-Stop Early Voting Locations & Ride to the Polls number

See Pages 2-4 for Sample Ballot

There are 3 ways to vote in NC:

#1: VOTE BY MAIL: From Oct. 7 to Nov. 1, you can request an Absentee Ballot – a ballot that is mailed to the address you specify and then mailed back after you complete it. You do not need an excuse to vote with an Absentee Ballot. To obtain an Absentee Ballot, you or a near relative must write your local Board of Elections; do **not** use a pre-filled out form. Send a simple letter with the voter's name, address of registration and date of birth, where the Absentee Ballot should be mailed to, and the signature of the voter or the person making the request for the voter. If the request is from a relative, it must also include that person's name, address and relationship to the voter. It is also a good idea to include a phone number or email address in case your Board of Elections needs to contact you for any reason. Follow the instructions sent with the Ballot very carefully.

#2: VOTE EARLY IN PERSON. From Oct. 20 to Nov.5, you can vote by going to any One-Stop Early Voting site in your county. Going to one of these sites is also the best way to vote if you have moved within your county or if you are not registered yet and want to use Same Day Registration.

3: VOTE ON ELECTION DAY. On November 8, vote at your precinct's voting place (your "polling place") between 6:30 AM and 7:30 PM. Your precinct is based on your home address and appears on the voter card mailed to you when you registered. You do **not** need the card to vote. Call your Board of Elections or check the websites on the back cover of this guide to find your polling place. **NOTE: 13 election day voting locations have been relocated. Call 704-336-2133 or visit their website at www.meckboe.org.**

The Basics on Voting in North Carolina

... if you can answer "Yes" to all three of these questions:

- 1) Are you a U.S. citizen?
- 2) Will you be at least 18 on Election Day, Nov. 8?
- 3) Will you live at your address for at least 30 days before Election Day?

You have the right to vote....

These are the basic requirements and they mean that you can vote if you are a student living on campus; or an ex-felon who has finished your sentence, including probation; or a person awaiting trial or serving a misdemeanor sentence; or a person who cannot read; or someone who has only lived in NC for a month before Nov. 8. **But you must register before you vote.**

Registering to vote is easy!

To register, you fill out a form that asks for your name, address and birth date. You need to provide your NC driver's license

number or the last 4 digits of your Social Security number or another form of identification (or be prepared to show ID when you first vote). Other acceptable forms of ID include a utility bill (phone, gas, etc.), bank statement, paycheck stub or any government document with your residential address on it. Homeless people can list a shelter as their address. You can ask for help filling out the form if you need it.

To obtain a form, call or visit your local Board of Elections or call 1-866-522-4723. You can also get a registration form at any public library, high school, or Department of Social Services, public health, or Division of Motor Vehicles office. Or you can print a form from this website: www.sboe.state.nc.us. If the library or other office does not promise to mail in the

form, mail it yourself to your local Board of Elections. By two weeks later, you should receive a voter card with information about your precinct and where to vote.

What if I am a student?

You may register in your old hometown and vote there – or you can declare your new address as your home, even if it's a dorm on campus, because that is where you go "home" day after day.

When to register:

There are two deadlines when it comes to registering to vote. If you choose to mail in your form or give it to another person to turn in, the form must be submitted to the Board of Elections by Oct. 14. Or you can use Same Day Registration and register in person at a One-Stop, Early Voting center in your county from Oct. 20—Nov 5. See details below:

Help! It's after Oct. 14th... can I still register to vote?!

Don't panic! You can register (and vote on the same day) using Same Day Registration & Voting (SDR) during the statewide One-Stop, Early Voting period from Oct. 20-Nov. 5..

But you cannot use Same Day Registration on Election Day. To use SDR, visit an Early Voting location in your county (See back page of this Voter Guide). You need to show election officials one of these IDs with your name and current address: a NC driver's license, utility bill, bank statement, paycheck stub, student ID with a school document showing your address or a license, permit, bill or any other government document.

What if I changed my name?

To avoid problems when you vote, whenever your personal information changes, you should fill out a new voter registration form. If you haven't done this by Oct. 8, it's best to vote at an Early Voting site where you can update your registration.

Unpacking? Be sure to update!

You must change your voter registration when you move to a new county. And even if you've moved within the same county, you should update your registration. Use the same form as a new voter but fill out an extra section asking for your old address so the state can cancel your old registration and assign you a new polling place. If you moved within the same county and forgot to change your registration, go to an Early Voting site during the Early Voting period or go to your old polling place on Election Day and ask for a "Provisional Ballot."

Can I vote if I am an ex-felon?

Yes. You temporarily lose your citizenship rights if you are convicted of a felony. But, no matter where you were convicted, your rights are automatically restored in NC after you serve your complete sentence, including probation or parole. You don't need a special document – just register and vote like any other citizen.

Do you have a loved one serving in the military?

Voters outside the U.S. or in the military can vote using an Absentee Ballot (see details at right) and have the option of faxing or scanning their Absentee Ballot request and sending it in as an attachment to an email – contact your local Board of Elections for details.

Charlotte Mecklenburg School Board of Education At-Large

Larry Bumgarner

Website URL: www.Deconsolidate.com
Email: Larry@Deconsolidate.com
Phone Number: 704.919.1230
Facebook Page or URL:
Twitter name or URL: @Deconsolidate
Current Occupation: Retired Early
Education–Highest Degree: Bachelors In Business Admin.
Most important organizations you belong to (up to three): Marriage, Religion, Many Volunteer Organizations.

List up to three (3) of your most important political/civic accomplishments in the last five (5) years. (1000 character limit): Original Volunteer of Gang of one. Mentor for most Challenged Schools, Volunteered in the most Challenged Neighborhoods.

What qualities or experience do you bring that will make you an effective school board member? (1000 character limit): Actual knowledge of why we have gangs in Charlotte after volunteering in the neighborhoods we have ignored and allowed them to have and run for years. I now want to start working on the real problem instead of the symptoms.

Why are you running for the school board? (1250 character limit): To make sure that this time we put every option to educate our Children on the table. We have tried what we have for the last fifty years and if you are happy then vote for the same old thing. But my focus is that nothing should be held back this time around.

Question Provided by Kids Voting: What is the most important accomplishment you will make next year that will directly impact CMS students, not their teachers or parents? (1250 character limit): Making choice the first and foremost for each Child. A study which can be seen at www.WestCharlotte.com shows that choice made all the difference in many lives so far and that is the key.

How can residents get involved in your campaign? Please include campaign manager or volunteer coordinator's contact information (1000 character limit): Contact the nearest school and ask them what you can help them with. Why waste your time with politics when a long term help in the actual school is lasting. Better yet find a Teacher and send them some financial support for supplies each month.

Elyse Dashew

Twitter name or URL: ElyseDashew
Current Occupation: Community Volunteer/
Education Advocate
Education–Highest Degree: Brown University,
BA
Most important organizations you belong to

(up to three): MeckFUTURE, 5 for 55 Coalition, Alliance for Language Immersion

List up to three (3) of your most important political/civic accomplishments in the last five (5) years. (1000 character limit):

1. Leading the School Leadership Team at my children's school (2010-2011), coordinated advocacy efforts and managed communication within school and with members of School Board and CMS Staff
2. Co-Founding and Co-Chairing MeckFUTURE (2011), a grassroots network uniting families from over 40 schools in support of adequate funding for public education.
3. Joining the 5 for 55 Coalition (2011), working on behalf of school funding together with representatives from advocacy groups including CMAE, Council for Children's Rights, Crossroads Charlotte, Jesus Ministries, League of Women Voters, MeckACTS, MeckEd, NAACP, and Save Our Schools Initiative

What qualities or experience do you bring that will make you an effective school board member? (1000 character limit): While running a small business, I gained valuable experience in working with others in a collaborative manner to solve complex problems. To ensure effective outcomes, it was essential to communicate clearly, and to find and create a shared vision with people who had different (sometimes conflicting) needs and interests.

I chaired the School Leadership Team at my children's school during a time of upheaval. This taught me to rally a community to channel our passions into productive engagement, to work together for the common good, to take a positive and fact-based approach to problem-solving, and to strive to interact respectfully and compassionately with others in the community and with government officials.

I co-founded and co-chaired MeckFUTURE, and joined the "5 for 55" coalition. Both groups were broad-based, including school supporters with very different backgrounds and worldviews. I learned the power of joining voices and building bridges.

Why are you running for the school board? (1250 character limit): Our school system is the bedrock of our community. I am passionate about bringing people together to plug into solutions that will strengthen our school system and improve opportunity for all children, because our community's well being – our region's prosperity – depends upon this.

(Continued on page 6)

Charlotte Mecklenburg School Board of Education At-Large

Elyse Dashew (cont'd)

As an advocate for public education, I have worked collaboratively with people of many different backgrounds and worldviews. I have brought people around the table to find common ground and take action together on solutions. I believe that I can make a greater difference by bringing this approach to the school board.

I am committed to listening first, to leading thoughtfully and respectfully, and to building strong partnerships to find the best solutions for our children and CMS.

Question Provided by Kids Voting: What is the most important accomplishment you will make next year that will directly impact CMS students, not their teachers or parents? (1250 character limit):

To ensure that ALL children within CMS receive a good education, I would strive to accomplish the following:

- Continuing Weighted Student Staffing, which has been proven to narrow the achievement gap by allocating extra staff to schools based on the number of Economically Disadvantaged students
- Identifying successful educational partnerships within the community—tap into and support these already existing resources, help to eliminate bureaucratic roadblocks so that more students can benefit from these programs.
- Hosting "Student Summits" in which I'll connect with students in person and via social media. We'll jointly explore the challenges and opportunities in our education system, and I'll seek to learn from the perspective of our students.

How can residents get involved in your campaign? Please include campaign manager or volunteer coordinator's contact information (1000 character limit):

I welcome your collaboration, input and help! Just go to elysedashew.com/volunteer/ and fill out the volunteer form. My campaign manager, Chris Bishop, and my volunteer coordinator, Logan Smith, can also be reached through the "Contact" section of my website: elysedashew.com/contact/ or via the phone number or email address listed above. We'd love for you to join the campaign!

Twitter name or URL: Ericka4CMSBoard PAGE LINK: www.twitter.com/Ericka4CMSBoard

Current Occupation: External Relations, UNC Charlotte

Education—Highest Degree: Bachelor of Arts - Queens University of Charlotte

Most important organizations you belong to (up to three): School Leadership Team, Piedmont IB Middle School & Harding University High School, Mecklenburg County Crime & Justice Task Force and CMS Long-Range Facilities Master Plan Task Force

List up to three (3) of your most important political/civic accomplishments in the last five (5) years. (1000 character limit):

- 1) Galvanizing magnet school parents to mitigate the challenges (i.e., program attrition) associated with the roll-out of the Shuttle Stop program. With another parent leader, I co-led the effort that brought over 400 parents together to discuss the challenges and formulate solutions.
- 2) Participating in the Achieve Together Advocacy training program. Achieve Together, a project of The Lee Institute, is a community partnership that connects local residents with people, training, data and support to become advocates for positive change in the CMS. The goal is to collectively push for constructive changes that will improve student achievement and graduation rates.
- 3) Being appointed to and serving on the Meck. Co. Crime & Justice Task Force, a 14-member, non-partisan Rapid Review Team tasked with identifying and recommending opportunities for immediate and substantive changes to the operations of city, county and state criminal justice agencies in the County to enhance effectiveness.

What qualities or experience do you bring that will make you an effective school board member? (1000 character limit): I am a thoughtful leader who is concerned with moving this community forward. Over the last decade, I have served on a number of local boards and I have had the privilege of serving my community as the leader of two non-profit agencies with large boards. This work has taught me how to work within the board/staff leader governance structure. I would bring that understanding and expertise to the table and use it to create working agreements with my colleagues as well as the interim and incoming Superintendent. I have also developed positive working relationships with a number of the current and previous CMS board members.

Professionally, my skill sets include: Budget Mgmt. (Operating/Capital), Contracts/Negotiations/Compliance, Data Collection/Analysis, Public Speaking/Presentations, Strategic Planning/Project Mgmt., Diversity/Inclusion Trainer, Facilities Mgmt., Community Engagement, Grant Writing, Recruiting/Hiring Staff, Six Sigma Green Belt, and Clifton Strength Finder Coach.

Why are you running for the school board? (1250 character limit): I am running for office because our school district is facing a number of challenges that require commitment and great leadership in the boardroom. As a non-profit executive, education advocate and CMS parent, I have spent the last 17 years working to improve the lives of children and families in Charlotte. I have served within our schools working to improve student achievement and rallying parents to get engaged in educational issues. Professionally, I bring real world experience in the areas of drop-out prevention, on-time graduation and gang intervention – three pressing issues within CMS. I come to you with knowledge, expertise and passion. As an At-Large member of the School board, I will offer innovative and viable solutions that are in the best interest of all children.

(Continued on page 7)

Charlotte Mecklenburg School Board of Education At-Large

Ericka Ellis-Stewart (cont'd)

I am clear about the need to close the achievement gap and my top priority is to ensure that all students have access to a quality education that prepares them to become productive citizens. My desire to run for school board is an extension of my continued desire to serve this community. I am committed to improving the quality of our public school system and realize that serving as a policy maker is one of the most direct ways to make a difference.

Question Provided by Kids Voting: What is the most important accomplishment you will make next year that will directly impact CMS students, not their teachers or parents? (1250 character limit): Increase the level of expectation for CMS students. Ensure that each child in the district receives a quality education by:

- placing a well trained, highly effective teacher in every classroom for Day 1 to Day 180
- assigning a team of prepared and engaged administrators to each school over a continuous period of time to ensure continuity
- providing an instructional program that gives each student a strong literacy foundation, solid STEM (science, technology, engineering and math) experiences and critical thinking skills starting in elementary school
- directing resources toward activities that increase academic gains and professional development opportunities for teachers
- engaging parents, businesses and the faith community in public/private partnerships

I also want to lay the groundwork to create a county-wide youth leadership program for high school and middle school students in CMS. Each school would have delegate representation. Delegates will work together with the Board and school administrators to address issues that are important to students. The program will foster civic involvement, leadership, and entrepreneurial experience that will help prepare students to become productive citizens.

How can residents get involved in your campaign? Please include campaign manager or volunteer coordinator's contact information (1000 character limit): Election Day and Early Voting are just around the corner and I need your help! I have a few specific needs and would love to have your assistance.

Volunteers:

If you can help in any way, please let me know by registering as a volunteer on volunteer registration page on my website (www.ericka4cmsboard.com) or via email at ericka4cmsboard@yahoo.com.

Financial Support:

Make a secure online contribution to my campaign using either Piryx or PayPal.

Piryx: <http://t.co/KsNmVXdT>

PayPal: www.ericka4cmsboard.com (Contribute Page)

Or send a personal check payable to:

Committee to Elect Ericka Ellis-Stewart to P.O. Box 481124, Charlotte, NC 28269

Yard Sign Hosts:

Let me know, if you live in a well traveled thoroughfare or neighborhood and would be willing to place a sign in your yard.

Votes:

Encourage the members of your precinct, friends, family, co-workers and church/temple/mosque members to participate in early voting which begins on Thursday 10/20 and ends on Saturday 11/5.

Keith Hurley

Website URL: keithhurley.com

Email: kwhurley7@gmail.com

Phone Number: 704-534-8344

Facebook Page or URL:

Twitter name or URL:

Current Occupation: Banking Executive

Education—Highest Degree: Bachelors

Most important organizations you belong to (up to three): Dowd YMCA , Rescue Mission Charlotte, NC Bankers Association

List up to three (3) of your most important political/civic accomplishments in the last five (5) years. (1000 character limit): 1- In 2009 when CMS would not maintain the schools over the summer I organized a group of folks to do that work. I personally worked with my family and 25 other folks to make our school look new at our expense. 2- When my CMS needed funds for Classroom Central I not only contributed , but had others match offers along with many large corporations to make this a success. 3- When the Charlotte Rescue Mission needed a venue for their failing annual event I organized the event at the Wachovia Atrium at no cost. This move increased their fund raising more than 4 times what they used to budget for.

What qualities or experience do you bring that will make you an effective school board member? (1000 character limit): I work for a large organization in the banking business. We do not make any decisions without a strategic plan. CMS has no strategic plan that is clear. I am also a true believer in communication and the value of listening. Clearly this is a weakness that I can help CMS with on the board. As a community leader I am able to bring groups together to benefit both sides within the CMS community system. We need partnerships to make some of the programs successful. I am very versed in budgeting and large budget management. Over all my experiences are unmatched by any other candidate that is running.

Why are you running for the school board? (1250 character limit): As a parent, Community Leader and 25 year resident I feel the

(Continued on page 8)

Charlotte Mecklenburg School Board of Education At-Large

Keith Hurley (Cont'd)

need is present. The CMS Board has developed a reputation in the community as untrusting, poor communicators, not clear with strategic choices, poor long term planners & caring only about the "uptown" decisions. This must change and it must change now. We need to provide the children of this county the best possible quality education we can. Our decisions need to be based on the question is it good for the kids? If not then find a way to make it. It won't change overnight, but we can begin the road to rebuilding our educational system.

Question Provided by Kids Voting: What is the most important accomplishment you will make next year that will directly impact CMS students, not their teachers or parents? (1250 character limit): I certainly think if I am elected the first order of business is to hire a superintendent. That would impact the entire educational system in my eyes. We are currently on a 2014 plan that never accounted for a recession. Well one happened and continues to happen. We must be flexible enough to be able to change on as dictated and this clearly is not happening. I strongly feel we need a superintendent that will be here for 8-10 years and lead the system back with the board's assistance/direction. I feel with the correct decisions by the board we can increase grade levels by 10-12% within 3 years.

How can residents get involved in your campaign? Please include campaign manager or volunteer coordinator's contact information (1000 character limit): I am always accessible via the above contact information. I feel community involvement and group discussions are key to building bridges. Contact me kwhurley7@gmail.com, 704-534-8344, keithhurley.com to reach me.

Mary T. McCray

Phone Number: (704)281-6074

Facebook Page or URL:

www.facebook.com/pages/Elect-Mary-McCray-for-CMS-School-Board/133676433377675

Twitter name or URL: N/A

Current Occupation: Retired Educator

Education—Highest Degree: Bachelors of Science in Elementary Education

Most important organizations you belong to (up to three): National Education Association; NAACP; National Association of Negro Business Woman and Professionals.

List up to three (3) of your most important political/civic accomplishments in the last five (5) years. (1000 character limit): Testifying before the North Carolina House of Education committee

on effects of House Bill 546.

Lobbying House/ Senate Congressional Education Member on Education Jobs Bill

Nominated and receiving Maya Angelou Excellence in Education Award.

What qualities or experience do you bring that will make you an effective school board member? (1000 character limit): I have been a classroom teacher for 34 years- 24 of those years here in CMS. During this time, I served on many school related committees and was always a member of my PTA at work and the schools that my daughter attended. My leadership qualities as evidenced by the offices I have held, willingness to listen and work toward reaching consensus, and my research skills and contacts in the educational arena will help as the board tries to create a unified vision on the issues before it. As a classroom teacher, I have always had to work as part of a team for the greater good of my students. Collaboration and cooperation were essential for us to achieve our goals and increase student achievement.

Why are you running for the school board? (1250 character limit): I want to be on the School Board because I care about children and their parents, I care about educators in this district and I care about the future of CMS to attract and retain the best and brightest. I want to help mend the fences that have been broken in our community, to restore trust and integrity where it's needed. I want to make sure that we continue the good things that happened under Dr. Gorman's leadership and I want to help the Board of Education as well as the interim and future Superintendent understand that our students, parents, teachers, staff, and our community deserve to be treated with respect and sincerity when decisions are made that affect their well-being. The future of my family and every other family is invested in what happens as CMS moves forward without Dr. Gorman. My grandchildren currently attend CMS schools and my daughter is vested in CMS as a teacher. As the former president of CMAE, I've investigated the erosion of trust and extinction of teacher/staff morale within the CMS family. I believe that if we are to go forward in providing quality public school education for every child here in CMS, we've got to repair the bridges.

Question Provided by Kids Voting: What is the most important accomplishment you will make next year that will directly impact CMS students, not their teachers or parents? (1250 character limit): I would first revisit the excessive summative testing that the school district has implemented as part of their quest for teacher effectiveness and student achievement. The needs in the classroom will always be my first priority so we need to make sure that the Instructional Support portion of the operating budget is continually scrutinized to determine if programs and policies effectively increase student achievement. If they do not, we must get rid of them and direct any savings to expand those that work.

How can residents get involved in your campaign? Please include campaign manager or volunteer coordinator's contact information (1000 character limit):

Current Occupation: District 6 School Board Member
Education—Highest Degree: MBA from UNC-CH
Most important organizations you belong to (up to three):
South Mecklenburg Presbyterian Church, Boy Scouts of America,
Mecklenburg County Republican Party

List up to three (3) of your most important political/civic accomplishments in the last five (5) years. (1000 character limit):

Elected to the Charlotte-Mecklenburg Board of Education District 6 seat

Scoutmaster for Troop 119 – Assisting almost 20 Scouts achieve the rank of Eagle Scout

Mecklenburg County Park-n-Recreation Commission – Vice Chair and Chair of the Greenway Committee

What qualities or experience do you bring that will make you an effective school board member? (1000 character limit):

I bring a thorough knowledge of the history of CMS and a clear understanding of direction we are heading as a school system. I believe increasing student performance among ALL students should be at the heart of every discussion we have and every decision we make. We need to recognize that a one-size fits all mentality does not work for every child. This includes everything from per pupil expenditures to the classes or extracurricular activities offered at each school. During our recent budget debate, I was criticized by some because I supported additional funding for programs that would not directly benefit my district, but were none the less very important to the academic success of children from other districts that are very different from mine. As Board members, either at-large or district representatives, we need to recognize the different needs of our students and be willing to have respectful, but direct, conversations with community leaders,

groups and parents regarding our

Why are you running for the school board? (1250 character limit): As an at-large Board member, I want to address the following three issues:

Hire a new superintendent who will work with the Board to build on, and continue, our forward academic progress.

Provide a safe and effective learning environment for our students at every school. This includes making sure we have an effective teacher in every classroom and a well trained principal in every school. We need to identify and reward strong teachers and we need to expand our professional development offerings so all teachers can improve their performance in the classroom.

Utilize our resources more efficiently. Our Weighted Student Staffing and Strategic Staffing programs allow us to direct extra funding to the students who need additional resources to be successful. For the first time in the history of CMS, we have appointed a Privatization Committee that will study various cost-saving measures and outsourcing opportunities.

Question Provided by Kids Voting: What is the most important accomplishment you will make next year that will directly impact CMS students, not their teachers or parents? (1250 character limit):

The most important decision we will make as a Board that will directly impact students and the future of CMS is who we hire as the next superintendent. This person will need to work with the Board to build on, and continue, our forward academic progress. As a sitting Board member, I will be very involved in determining the process we will use. The first step started with naming Hugh Hattabaugh our interim Superintendent and charging Mr. Hattabaugh with the responsibility of continuing our forward progress during this time of transition. The Board has hired a search firm and will begin the important work of involving all members of the community, including students, in determining what qualities we as a community are looking for in a new superintendent.

How can residents get involved in your campaign? Please include campaign manager or volunteer coordinator's contact information (1000 character limit):

Residents can get involved by contacting me through my website or emailing my campaign manager Larry Shaheen at timmorgancms@gmail.com

Charlotte Mecklenburg School Board of Education At-Large

Ken Nelson

Website URL: www.kenwnelson.com
Email: knelsud92@yahoo.com
Phone Number: 704-364-4657
Facebook Page or URL: [Nelson for Mecklenburg County School Board](#)
Twitter name or URL: [Nelson for Mecklenburg County School Board](#)
Current Occupation: Technical Business Analyst, Keane, Inc.
Education—Highest Degree: BS, Criminal Justice, University of Delaware, 1992

Most important organizations you belong to (up to three): Campaign For Liberty, Mecklenburg County Republican Party, NC Republican Liberty Caucus

List up to three (3) of your most important political/civic accomplishments in the last five (5) years. (1000 character limit): Due to my leadership as an activist Republican statewide, North Carolina was finally able to elect a Republican majority in the State House and State Senate. That kind of leadership is needed locally, where we need similar change to make an effective difference in Charlotte. Also, due to being an activist for liberty, the Republican Party has adopted several more "libertarian" positions, which will enable it to appeal to a wider base of voters.

What qualities or experience do you bring that will make you an effective school board member? (1000 character limit): Due to my experience as a Business Analyst and Project Manager, I bring the skill set of being able to manage projects effectively, rather than throw things against the wall and see what sticks. We need to determine what is truly important, what could be looked at, and what should be scrapped from a project management perspective. I also have the experience of working with people from diverse backgrounds who have important roles to play in all projects.

Why are you running for the school board? (1250 character limit): To improve the education for all students in CMS. That sounds simple. Unfortunately, when CMS is more concerned with its standing with outside groups, the Chamber of Commerce, Teach for America, and other groups who are not concerned about the INDIVIDUAL student, someone needs to stand up and make a difference. Our schools are more concerned with "data" and marketing instead of being concerned on whether or not all students can read. That is unacceptable.

Question Provided by Kids Voting: What is the most important accomplishment you will make next year that will directly impact CMS students, not their teachers or parents? (1250 character limit): I will make every effort to remove the incessant county-wide standardized testing. Students should be taught the three R's, not be tested on 52 different subjects. I believe the testing in-

terferes with classroom time that could be better used for real teaching and real learning. Your teachers should be imparting knowledge of the subject at hand, not the answers to a test.

How can residents get involved in your campaign? Please include campaign manager or volunteer coordinator's contact information (1000 character limit): Please contact me directly at 704-364-4657, 919-818-9248, knelsud92@yahoo.com. I'm looking for people to work the polls during early voting and on Election Day. If you believe like I do that our schools belong to us, and not outside groups, please join my campaign. This is the most important election in Mecklenburg County in the last 25 years. We have a unique opportunity to change the direction of the board for the better. If you value our children's future, please join my campaign. Thank you.

Current Occupation: Teacher at CMS West Mecklenburg High School

Education—Highest Degree: PhD in Social and Economic Sciences

Most important organizations you belong to (up to three): International Rotary Club, AATG, Kappa Delta Pi

List up to three (3) of your most important political/civic accomplishments in the last five (5) years. (1000 character limit): Member of Advisory Board for Solid Waste Management of the Mecklenburg County Commission, President of the Austrian Culture Society

What qualities or experience do you bring that will make you an effective school board member? (1000 character limit): I am the only candidate who has both extensive business experience (IBM Worldwide Program Manager for Human Factors, VP for Re-Engineering at Bank of America, CEO of international software company) and eleven years of teaching experience in CMS classrooms.

Why are you running for the school board? (1250 character limit): I am at a point in my life where I can serve my community and not to worry about my career. My background brings together the experience, insight, and knowledge with the desire to make a difference.

Question Provided by Kids Voting: What is the most important

(Continued on page 11)

Charlotte Mecklenburg School Board of Education At-Large

Hans Peter Plotseneder (Cont'd)

accomplishment you will make next year that will directly impact CMS students, not their teachers or parents? (1250 character limit): My '7 and 7 Plan' for the first 180 days will establish the basis for significantly improving teacher morale, curricula, parent involvement, and re-establish the trust in CMS. This in turn will accommodate 'purposeful learning' and drastically improve student achievement, graduation rate, and close the achievement gaps. For more information, please visit <http://drplots.com/drplots7and7plan.html>.

How can residents get involved in your campaign? Please include campaign manager or volunteer coordinator's contact information (1000 character limit): Residents are invited to volunteer in a variety of ways: put up yard signs, hand out flyers at voting locations, make phone calls, or contribute financially to the 'Dr. Plots Fan Club'. Please visit www.DrPlots.com, call 704-906-2900 or send e-mail to DrPlots@DrPlots.com. Your help will be much appreciated.

Aaron J. Pomis

Website URL: www.aaronpomis.com

Phone Number: 704-576-6934

Facebook Page or URL:
www.facebook.com/#!/pages/Aaron-Pomis/117501415858

Twitter name or URL: [@aaronpomis](https://twitter.com/aaronpomis)

Current Occupation: Dean of Instruction at KIPP Charlotte

Education—Highest Degree: BS in Chemistry, University of Illinois at Urbana

Most important organizations you belong to (up to three): Leadership Charlotte, Teach For America, KIPP

List up to three (3) of your most important political/civic accomplishments in the last five (5) years. (1000 character limit): During the last five years I helped found KIPP Charlotte, a public charter school with students who are over 90% African American, 70% free and reduced lunch, but are doubling the state growth in Math, doubling the state growth in Reading, and tripling the state science scores, all while starting at KIPP on average, two to three grade levels behind their peers in more affluent communities. Only about 30% of students enter on grade level, but more than 90% leave proficient on end of grade tests.

I served four years and was chair of the board of directors at The Community Charter School for two years, where we turned our staff's instructional priorities into our board's budget priorities to raise our Math scores by 20% and have a budget surplus. Finally, as a member of Leadership Charlotte Class 32, I volunteered

at Windsor Park elementary school to raise parent involvement in Parent University.

What qualities or experience do you bring that will make you an effective school board member? (1000 character limit): I have teaching experience closing the achievement gap in my classroom, administrative experience working shoulder to shoulder with teachers across CMS - from schools like West Charlotte to Garinger, and board experience engaging educators and the community to build bridges and make smart choices for students. I have dedicated my life to doing whatever it takes to ensure that students get a great education regardless of their zip code, how much money their family makes, or the color of their skin. The kids in Mecklenburg County CAN learn and WANT to learn. It's up to US, the adults, to give them the opportunity.

Why are you running for the school board? (1250 character limit): I am running for school board because as an educator I believe that we can do a better job fulfilling our promises to our children. As a teacher, administrator, and board member I have learned one thing over and over. The children in our community CAN learn and WANT to learn. It is up to US, the adults, to give them the opportunity. It is one thing to make campaign promises, but I have been living these promises to our students for the last decade.

While in our most high needs schools with our most at-risk students, I've learned three clear steps we must take. First, if we want to give our students what they need to be successful, we must give our teachers and principals what THEY need to be successful. That means the right professional development, support, and training to ensure they have what they need to do the hard work of closing the achievement gap. Second, we need a focused and strategic budget to prioritize our spending on what works best for students. We need to turn our instructional priorities into our budget priorities. And last, we need build strong partnerships for our students. We know our students learn best when they have the entire city standing behind them.

Question Provided by Kids Voting: What is the most important accomplishment you will make next year that will directly impact CMS students, not their teachers or parents? (1250 character limit): The number one accomplishment I will make next year to directly impact students will be to help reprioritize our budget to ensure that we spend our money on what works best for kids. We need to go line by line in our budget to make certain we are putting our money toward what will help us reach our mission: student learning. As the board chair of a local school board, I helped us turn our instructional priorities into our budget priorities. We raised our Math scores by 20% and had a budget surplus, all because we did the hard work of listening to people on the ground and ensured students got what they needed to succeed.

How can residents get involved in your campaign? Please include campaign manager or volunteer coordinator's contact information (1000 character limit): Residents can get involved in our campaign in three different ways. First, residents can give their voice. They

(Continued on page 12)

Charlotte Mecklenburg School Board of Education At-Large

Aaron J. Pomis (Cont'd)

can talk about our campaign with their friends, co-workers, and neighbors and encourage them all to go vote on November 8th or during Early Voting. Second, residents can give their time. They can contact Rashaunda Jackson at jacksord@gmail.com to knock on doors, make phone calls, put up yard signs, or pass out literature on behalf of our campaign. Each of those functions is critical to the overall success of our campaign. And finally, residents can give their money. Simply by going online to www.aaronpomis.com and clicking DONATE, residents can amplify the voice of our campaign, ensuring that everyone hears our clear message. The children in our community CAN learn and WANT to learn. It's up to US, the

Facebook Page or URL: www.facebook.com/#!/pages/RANKIN-for-CMS/179273982134567
www.facebook.com/darrinrankin
Twitter name or URL: [darrinrankin](https://twitter.com/darrinrankin)
Current Occupation: INSURANCE AGENT/
NC Real Estate Broker
Education–Highest Degree: MBA

Most important organizations you belong to (up to three): PTA, UNCC Athletic Foundation, City of Charlotte Community Relations Committee

List up to three (3) of your most important political/civic accomplishments in the last five (5) years. (1000 character limit): Flag Football Coach (not sure if technically "civic")-Emphasis on Hard work, dedication, teamwork, sportsmanship, etc. City Council At Large campaign (did not win, but first time on ballot) 2009, vote total 43,936, Member of the State Executive Committee-NC Democratic Party

What qualities or experience do you bring that will make you an effective school board member? (1000 character limit): Experience as a business owner (budgeting, decision making, proposals, human resources), leadership skills and communication skills. I am forward thinking, flexible, open minded, inclusive, honest and a person that values diversity. I am a person that has a vision for CMS, a good listener and I want what is best for children. I also have a child in the school system, so I understand how decisions made by the school board trickle down the to the classroom level.

Why are you running for the school board? (1250 character limit): I am concerned about the quality of education that OUR children are receiving in CMS. We have to increase academic achievement by every student at every school and increase the graduation

rate. We have to focus on quality instruction and meaningful activities for students. I believe the school system has to focus on "educating children". I have a son in CMS (3rd grade at Mallard Creek Elementary School) and we have experienced the effects of strategic staffing, bell schedule change, testing and now overcrowding. What I bring to the board, is the perspective of a parent, business owner and community leader. I will be a thoughtful decision maker.

Question Provided by Kids Voting: What is the most important accomplishment you will make next year that will directly impact CMS students, not their teachers or parents? (1250 character limit): That is a difficult question to answer, because you need 5 votes to accomplish things as a board member. What I will provide is thoughtful decision making with the interest of students in mind. I will travel around the county to have discussions with students, parents, and teachers in a relaxed environment to gain first hand knowledge of what students need to be successful. Children need quality teachers in the classroom, access to advanced classes, sports and the arts to be well rounded students. So my accomplishment for the first year will be establishing a relationship between students and the School Board.

How can residents get involved in your campaign? Please include campaign manager or volunteer coordinator's contact information (1000 character limit): Contact Jarrod Clay at 704.506.3864 We need people to display a yard sign, make phone calls to voters, donate, distribute information in their communities, tell your friends and neighbors about our campaign, and help us with social media.

Lloyd Scher

Website URL: www.LloydScher.com
Email: LScher@Windstream.net
Phone Number: 704-845-9083
Facebook Page or URL:
Twitter name or URL:
Current Occupation: Writer
Education–Highest Degree: BA University of North Carolina

Most important organizations you belong to (up to three): Fraternal Order of Police, Rotary International, Lion's Club

List up to three (3) of your most important political/civic accomplishments in the last five (5) years. (1000 character limit): I went to Wisconsin and Ohio to support the Teachers, Fire Fighters and Police Officers who were being severely hurt by the new laws passed, which affected them and their right to negotiate contracts or file grievances.

(Continued on page 13)

Charlotte Mecklenburg School Board of Education At-Large

Lloyd Scher (Cont'd)

Memberships:

Fraternal Order of Police, Sierra Club, Equal Rights Group, The Hickory Grove Lion's Club, Engelhard Rotary Club, Hyde County Chamber of Commerce, Juvenile Diabetes Foundation, American Heart Association, Writer's Guild of America West Coast

I helped write the law to require children under the age of 16 to wear helmets when riding bicycles, roller blading and using scooters.

I helped raise money for Camp Dogwood for the Lion's Club. The camp is a special experience for families and children who are sight impaired.

What qualities or experience do you bring that will make you an effective school board member? (1000 character limit): 8 years as a County Commissioner I bring the experience of helping to put together billion dollar budgets. As a former teacher and counselor in the CMS I understand what is needed in the schools to help provide a safe and quality education to teachers, staff and students.

I joined every PTA in my district and helped raise money for the schools from \$10,000 Computer Lab for Windsor Park to a \$5,000 Track & Field for Idlewild. I also arranged quarterly meetings with the teachers, staff and students. I plan to have these meetings again because it allows me to have an open dialog and hear their concerns and needs.

I have been a volunteer and tutor in schools for years and realize the importance of getting involved in the school system. Knowing that government cannot do it alone I will strive to obtain 5,000 new volunteers to help in schools through tutoring, reading and lunch buddies to show support for both our teachers and students.

Why are you running for the school board? (1250 character limit): It is about Education & NOT Politics. It is vital that we Re-build the Trust with our Professional Teachers and the community and most important to improve the Morale among all CMS employees.

It is about providing a safe environment for our teachers, staff and students giving them the best opportunity to learn. These are the issues we should be discussing it is Not about students being given another Test.

8 years as a Mecklenburg County Commissioner gives me an understanding and experience about the school systems budget process and the problems that exist. I would like to change the budgeting process making it easier for the School Board to prepare

the budget so that Teachers will no longer receive Pink Slips before the process is done only to be Re-hired at Less Pay.

Rather spending large amounts of Bond Money why not look at Schools being Donated or Leased by CMS. This would Save Taxpayer Money because the county would not have to pay interest on bonds to build schools.

CMS needs to do more Technology in Schools for both our Teachers and Students. It is time for the Board to look at changing the way we purchase books using I-Pads. It will Save Money & Trees.

Question Provided by Kids Voting: What is the most important accomplishment you will make next year that will directly impact CMS students, not their teachers or parents? (1250 character limit): I want a strong working Relation with Studetnts. CMS is there for them to learn and I need to know what are their concerns and issues. We are here for them and I want them to be apart of the Solution to our School Problems.

I would want student input because they see things differently. I would look to the Student Council to give a monthly report to the School Board.

I would hold quarterly meetings with students to hear from them directly. This would be apart of my program to improve the Morale that has been deteriorating over the past several years. I want to provide every student in Middle and High School with an I-Pad (not for games) that will have all their books on it. That would mean lighter book bags. It would also be easier for students to do their homework on the I-Pad and teachers could download it for a quicker review.

For 32 years, I ran a Video Company it allowed me to work with well known Nationally and Locally Athletes. They are aware of the problem we are having in funding Middle School Sports Programs. I have obtained commitments from several athletes to help raise money so that no student would be prevented from playing sports in Middle School.

How can residents get involved in your campaign? Please include campaign manager or volunteer coordinator's contact information (1000 character limit):

Manager is Sylvester Fleming can be reached at 704-398-7057
Volunteer Coordinator Fostoria Pierson Fostoriab@aol.com
Contact me through my webpage or my personal email address
LScher@Windstream.net
Contribution can be made through PayPal on my website they will be greatly appreciated

This is your school system and it is important that you get invovled so that the people you support will get elected. If you see a candidate you like and like what they stand for then go and help them.

Charlotte Mecklenburg School Board of Education At-Large

Jeff Wise

Website URL: VoteJeffWise.com

Email: jeff@votejeffwise.com

Phone Number: 704-517-9905

Facebook Page or URL: <http://www.facebook.com/pages/Vote-Jeff-Wise/242240872460522>

Twitter name or URL: VoteJeffWise

Current Occupation: Director of Information Services with FreemanWhite

Education–Highest Degree: Bachelor of Science, Journalism (completed master's coursework in Arts Administration)

Most important organizations you belong to (up to three): Bluecoats Drum & Bugle

Corps alumni association, The Light Factory

List up to three (3) of your most important political/civic accomplishments in the last five (5) years. (1000 character limit): I was part of the inaugural class of the Arts & Science Council's Cultural Leadership Training program. The CLT is recognized nationally as a model program for preparing upcoming community leaders to be productive board members for arts organizations.

After completing the CLT program, I started on the board of directors with The Light Factory and was appointed the Chairman of the Education Committee 15 months ago. Our Adult Education program was already performing well, even during the recession and we are currently on track to increase enrollment and revenue by over 12% for this fiscal year.

Lastly, I chaired the committee that coordinated and sent over 200 East Lincoln High School students, instruments, uniforms and parents to Hawaii to perform and commemorate the 65th anniversary of Pearl Harbor. We were accompanied by an inspirational Pearl Harbor survivor and his wife, both native Charlotteans, who married a few days before prior to December 7, 1941.

What qualities or experience do you bring that will make you an effective school board member? (1000 character limit): I am a good listener, I am patient. I work to understand all sides of an issue before reaching decisions and I'm a problem solver by nature.

Over the 13 years that I've worked at FreemanWhite I've helped to open a handful of branch offices. I've also had to close some of them. I've implemented new technologies to help increase worker productivity and I've had to make aging equipment stay functional to save money. My success as the head of the IT department is due mostly to my ability to adapt, relate and listen.

My belief in public education is strong and I believe every student can be successful. By placing students and teachers as top priorities, I know we can work together as a board to create a better school system.

Why are you running for the school board? (1250 character limit): I am a parent, husband to a teacher and a taxpayer. As a taxpayer, I know that successful, well-prepared graduates will strengthen our community. As the spouse of a teacher, I know that supporting and trusting teachers will strengthen the education of our students. As a parent, I know that being involved and ensuring my child attends a school that has the necessary resources will strengthen his education. We all understand the importance of building strong bonds in our society and we know it starts with education. I want to help shepherd that belief to a fuller realization. I want our students to create new operating systems, write the great American novel, discover cures for disease, win the World Series and be great citizens. We can do this, it won't be easy, but it's worth doing so let's do it right.

Question Provided by Kids Voting: What is the most important accomplishment you will make next year that will directly impact CMS students, not their teachers or parents? (1250 character limit): We need to move away from a reliance on testing to measure achievement and growth. Instead, let's measure achievement by applying the concepts being learned in more real world terms, not by sitting at a desk bubbling in answers. What if, instead of taking a series of EOG's, students were told to create? For example, create a movie about why Alexander Hamilton wanted to set up a federal bank in the early 1790's, what problems did he face politically, economically and socially, write a script, produce it and present it. This is what 21st century learning is about.

How can residents get involved in your campaign? Please include campaign manager or volunteer coordinator's contact information (1000 character limit): There are many ways to get involved. Drop us a line and we'll be happy to talk about what we're working on and what you can do to help spread our ideas.

Town of Davidson

Vince Winegardner—Mayor

Website URL: www.VoteForVince.org

Email: vwinegardner@bellsouth.net

Phone Number: 704 965-4411

Current Occupation: Small Business Owner

Education—Highest Degree: BS Industrial Management /MS Aviation Safety

Most important organizations you belong to (up to three): Davidson Planning Board, President - Northcross Master Association, Retired veteran -Military Officers Association

List up to three (3) of your most important political/civic accomplishments in the last five (5) years. (1000 character limit):

Davidson NC 73 Small Area plan participant. This 2007-2008 Davidson planning initiative involved establishing a vision for development in areas along Davidson-Concord Road and NC 73. I participated in numerous charettes and public meetings to help influence this plan. Davidson Comprehensive Plan. I co-chaired two of the committees (Community Character and Mobility) that contributed to this vision of what was important to Davidson citizens. This plan is being used in various ways by various people to justify various things. I see this plan as an excellent exercise in understanding what is important to citizens

of Davidson.

Award Winning Neighborhood Property Owners Association President. In addition to being an active member of the Davidson community, I have also been active in my neighborhood as POA President and board member in 2007 and 2008

What qualities or experience do you bring that will make you an effective mayor? (1000 character limit): Our town's financial crisis demands a solid leader. I am a retired military officer with extensive leadership training and experience. My responsibilities ranged from the control of nuclear weapons to the management of a logistics organization with a \$24 million plus budget and over 400 personnel. I learned a lot about leadership and the cost of bureaucracy in the military. After leaving the military, I worked in corporate America and saw how large business manages issues. Less bureaucracy - less humanity. For the last nine years, I have been working with my wife in our small business located in Huntersville. As the President of the Northcross Master Association, I have become very involved with area businesses and reduced assessments.

These experiences and my understanding of Davidson, will keep me focused on not wasting tax payer money or building bureaucracy that saps the resources of a small town. I will work hard to undo the damage done by inappropriate expenditures .

(Continued on page 31)

Town of Davidson

Vince Winegardner (Cont'd)

What can the Town of Davidson do to address the transportation needs of the citizens of Davidson? (1250 character limit): The small town character of Davidson is challenged by the movement of north-south vehicle traffic. Accidents on I-77 push traffic through our two lane roads and congest our village center. The NC DOT would like to widen our two lane, walkable Main street to address that problem. That is unacceptable to me. We need to widen I-77 from exit 23 to exit 33/36. We need to develop the Potts-Sloan road connection as part of the Red Line transit oriented development. We need to ensure that Shearer Road offers a way for traffic to bypass our village center. Once the nodes at NC73 and Davidson/Concord road and the Circles at 30 are more developed and a rail station is a reality, we need a Davidson CATS shuttle service to allow our citizens the opportunity to travel between our town's centers without the use of a car. That is a vision I think many of us share.

What more can or should the Town of Davidson do to support small business? (1250 character limit): Davidson is very supportive of our current businesses. The problem is the town lacks flexibility in developing projects that would significantly help our tax base. I am not talking about compromising our standards - I am talking about working with developers instead of against them. Another consideration for development is to understand that we have building standards that are not always in the developers economic interests. For example, we require two story buildings in some planning areas which is intended to improve density, mixed use and future growth. In the short term these two story buildings are more expensive to build and have a higher rental cost than a one story building for the same first floor space. To help the developer meet our planning vision and meet their need for a product that can compete on a cost per square foot, maybe we should consider tax relief while the second floor is unoccupied? Just a thought on how we can have a win - win situation versus the adversarial and damaging relationship that currently exists between developers and town hall.

How can residents get involved in your campaign? Please include campaign manager or volunteer coordinator's contact information (1000 character limit): This is a historic election for Davidson. In the past, the "elected" board members were groomed and promoted by the old guard of Davidson. Today, our town has grown and matured to a point that we can be enriched by different ways of viewing and solving problems. I'm excited for Davidson. Those that fear change can relax. The good things about our town will not change - the big difference will be a more open attitude in town hall and how we respect the taxpayers money. I can be reached by going to my web site at: www.VoteForVince.org and then emailing me.

John M. Woods—Mayor

No Reponse

Kristen Coupal—Commissioner

No Reponse

Jim Fuller—Commissioner

Website URL: www.fullerfordavidson.com

Email: jim@mcintoshlawfirm.com

Phone Number: 704 575 7574

Current Occupation: lawyer & educator

Education—Highest Degree: BA & JD

Most important organizations you belong to (up to three): Davidson Planning Board, Davidson Lands Conservancy, Davidson United Methodist Church

List up to three (3) of your most important political/civic accomplishments in the last five (5) years. (1000 character limit): Since I am not an incumbent, I bring a fresh voice and perspective to the Town Board. Yet, my experience in law and life, coupled with my extensive service to and knowledge about this community will help me make good decisions that benefit every citizen in our Town.

What qualities or experience do you bring that will make you an effective commissioner? (1000 character limit): I am a practicing lawyer, a trained mediator, a former judge, and a current adjunct professor teaching this year at Duke, UNC, & WFU law schools, plus Davidson College. I know how to ask tough questions, synthesize information, and solve problems.

What can the Town of Davidson do to address the transportation needs of the citizens of Davidson? (1250 character limit): For Davidson, transportation is a multi-layer issue. Our Town must maintain our commitment to walking trails, bike paths, connectivity, and street maintenance. We should address downtown parking and traffic, in conjunction with our friends at Davidson College. Current efforts to bring commuter rail will spur development in our downtown area, and in neighborhoods on our Town's edges as well.

What more can or should the Town of Davidson do to support small business? (1250 character limit): We need to continue efforts to recruit small business and professions through our Downtown Davidson Committee, and this should expand to take in areas on highways #73 and #115. This effort includes environmentally responsible industry in general. Part of our plan of development must include a continued commitment to open space, tree canopy, ease of pedestrian and vehicular movement that is designed

(Continued on page 32)

Town of Davidson

Jim Fuller (Cont'd)

to insure psafety at the same time. A major component of our plan to attract and keep business is the preservation of Davidson as a special place where owners and workers want to work and want to live. These issues that improve our quality of life also improve our property values, and make this an attractive place to come to work and to live. We should explore ways to make the process simpler and easier as we try to enhance responsible economic growth.

How can residents get involved in your campaign? Please include campaign manager or volunteer coordinator's contact information (1000 character limit): Call me or email me. Tell me what's good and what needs to be changed about town. Let's have coffee or a limeade. I'll listen more than talk.

Rodney Graham—Commissioner

Website URL: www.graham2011.com

Phone Number: 704-239-1124
Facebook Page or URL: votegraham2011
Twitter name or URL: leedbuilder
Current Occupation: Homebuilder
Education—Highest Degree: Masters

Most important organizations you belong to (up to three): Davidson Lands Conservancy (VP)

List up to three (3) of your most important political/civic accomplishments in the last five (5) years. (1000 character limit): I have served on the Board for the Davidson Lands Conservancy and am currently the vice president. I served on the Sustainability Committee of the Comprehensive Plan, as well as the Natural Assets Board. My company has been a leader in green building not only in Davidson but also Mecklenburg County.

What qualities or experience do you bring that will make you an effective commissioner? (1000 character limit): Both professionally and through my volunteer work I have supported many of the objectives that are important to the citizens of Davidson, namely open space preservation, historic preservation, provision of affordable housing, and green building. I have a deep understanding of the issues facing Davidson, and my business background enables me to be a good steward of the investment we have made in MI-Connection. Most importantly, I feel that it is the citizens of Davidson - not the elected officials - that have the best and brightest ideas, and I will work with all citizens in town to restore their trust that their opinions are valued.

What can the Town of Davidson do to address the transportation needs of the citizens of Davidson? (1250 character limit): We

need to emphasize having a number of transportation options for citizens, including ultimately commuter rail. We also need to facilitate non-motorized means of transportation such as cycling and foot traffic, and to the extent that we develop we need to encourage such development in areas close to existing infrastructure and services so that citizens are able to minimize their driving.

What more can or should the Town of Davidson do to support small business? (1250 character limit): To the extent we develop we need to concentrate development in infill areas with existing infrastructure. This will result in more population closer to our downtown and exit 30 businesses. We need to work collaboratively with businesses to encourage Davidsonians to buy local, and to encourage those from outside of our area to make Davidson a destination. We need to have reasonable regulations and ordinances that are enforced consistently and fairly for all businesses.

How can residents get involved in your campaign? Please include campaign manager or volunteer coordinator's contact information (1000 character limit): Visit graham2011.com and click on the 'contact me' link.

Brian Jenest—Commissioner No Response

Mickey Pettus—Commissioner

Website URL: http://ncvoterguide.org/davidson/comm_pettus.php
Email: bigguy.pettus@gmail.com
Phone Number: 704-904-6568
Current Occupation: Health Care Consultant
Education—Highest Degree: Bachelor Science Business Administration, Marketing Management

Most important organizations you belong to (up to three): Davidson United Methodist Church, Davidson Lions Club, and Western Carolina Alumni Association

List up to three (3) of your most important political/civic accomplishments in the last five (5) years. (1000 character limit): Awarded Community of the Year - 2011 River Run Property Owners Association, by the North Carolina Community Associations Institute; Raised \$680,000 for the Mooreseville Soup Kitchen to relocate and upfit operations at the new location on Broad Street; Instituted "zero based" budgeting for The River Run Property Owners Association assuring maximum value for annual assessments.

What qualities or experience do you bring that will make you an ef-

(Continued on page 33)

Town of Davidson

Mickey Pettus (Cont'd)

ffective commissioner? (1000 character limit): I am a qualified business professional with a burning desire for public service. I fully understand that we need to fully exercise viable solutions for some of the most difficult decisions we will face. For 35 years I have worked with health care organizations to maximize their constantly shrinking revenues and maximizing the improvements in operating costs. To accomplish those results require unique solutions working with health care delivery resources with varying incentives

What can the Town of Davidson do to address the transportation needs of the citizens of Davidson? (1250 character limit): In the short term, we must realize that the primary mode of transportation in town is the automobile. Those throughfares should be designed with bicycle friendly and pedestrian safe features to encourage community confidence in the alternative. All the while, planning for commuting transportation by rail for the longer term should be a plan for Davidson as a destination community for evening life and entertainment.

What more can or should the Town of Davidson do to support small business? (1250 character limit): Cooperate with proven marketing and sales efforts for new businesses, and focus on keeping retail revenue in Davidson, rather than losing it to our neighbors of Cornelius and Davidson. This will require provisions and concessions to a tightly limiting "unfriendly business" perception when competing for new business in the Town.

How can residents get involved in your campaign? Please include campaign manager or volunteer coordinator's contact information (1000 character limit): Talk to friends and neighbors about what needs to change in Davidson to assure renewed confidence in Town Leadership, all the while preserving those things that make Davidson a great place to live, work, and play. What is most important is to get out and vote. My campaign manager is my lifelong mate Sondra Pettus, 704-896-7963, mspettus@bellsouth.net.

Laurie Venzon—Commissioner

Most important organizations you belong to

(up to three): I support numerous organizations in a variety of capacities and don't believe one is more important than another.

List up to three (3) of your most important political/civic accomplishments in the last five (5) years. (1000 character limit):

1. Focusing on turning the situation with MI-Connection around. While I was not on the board that voted to create MI-Connection, I did promise to work hard to make sure it was successful. For the past three years, I have done just that and we are now seeing positive results. In the first quarter of FY12, we have experienced more customer growth than we did all of last year.
2. 2. Advocating for and changing the budgeting process and fiscal policies the Town of Davidson uses so that we can focus our limited resources on essentials such as police, fire, roads and maintaining our current assets.
3. 3. Working to understand and represent the needs of all of our residents regardless of what area of town they live, their demographics, etc. and then trying to create win-win solutions to address their issues & concerns. It is very important, that as we continue to grow as a town with more diversity of thought and opinions, that we still remain unified and don't lose our sense of community.

What qualities or experience do you bring that will make you an effective commissioner? (1000 character limit): I have served for the last 4 years as a commissioner and I believe that experience helps to make me more effective each year as I continue to learn. In addition, I am the only candidate who has worked for the past 3 years on MI-Connection (the #1 issue facing our town) and thus, have the knowledge, background, relationship with Mooresville commissioners and the experience to keep MI-C on its current path to success so that we can sell it at the appropriate time in the future. Some of the qualities I bring to the board are: being open-minded, accessible and willing to take the time to listen, hard working, results oriented, direct, honest, focused on our financials/budget, creative/out of the box thinker and committed to keeping Davidson a wonderful place to live, work and play for all of our residents.

What can the Town of Davidson do to address the transportation needs of the citizens of Davidson? (1250 character limit): We are currently doing a number of things to address the transportation needs in Davidson. We partnered with Cornelius, Huntersville, Mooresville, Charlotte and the two counties to create the Lake Norman Transportation Commission (LNTC) several years ago. They have been actively addressing our roads, connectivity and transit issues to improve mobility in the region. We have established a great relationship with NCDOT which has been fundamental to moving forward in addressing our transportation needs. Furthermore, the town has budgeted money this year for sidewalks and other improvements to help provide additional means of travel and movement within our community.

What more can or should the Town of Davidson do to support small business? (1250 character limit): Davidson has just created the Davidson Civic Investment Commission (DCIC) which is geared toward economic development for our town. In addition, we have created a new website - www.exploredavidsonnc.com and a new community calendar that are both designed to promote and showcase our businesses. As members of the NC Main Street Program, we have several other initiatives underway and we have a full time Downtown Manager that focuses her time on helping our businesses be successful and attracting new businesses to town. Since each of these efforts has just begun in the last year, there is a great deal more to be accomplished but we are moving forward in the

(Continued on page 34)

right direction and will continue to implement the plans that are being or have been developed.

How can residents get involved in your campaign? Please include campaign manager or volunteer coordinator's contact information (1000 character limit): Contact Laurie Venzon at lavenzon@gmail.com for further information.

Connie J. Wessner—Commissioner

Website URL: www.KeepConnie.com

Email: connie@alumni.fandm.edu

Phone Number: 704-895-0417

Facebook Page or URL:
www.facebook.com/home.php?#!/pages/KeepConnie/165421186871488

Twitter name or URL: #villagematters

Current Occupation: Administrator, Community School of Davidson

Education—Highest Degree: MA, Eagleton Institute of Politics, Rutgers

University

Most important organizations you belong to (up to three): Davidson Housing Coalition; WFAE; Davidson Friends of the Arts

List up to three (3) of your most important political/civic accomplishments in the last five (5) years. (1000 character limit): Member, Future of the Library Task Force; Facilitator, Davidson Comprehensive Plan process; Commissioner, Davidson Town Board

What qualities or experience do you bring that will make you an effective commissioner? (1000 character limit): I wholeheartedly believe in the power of community. In the 14 years we've lived in Davidson, I served on a full range of civic and nonprofit boards and advisory groups addressing topics from social justice and open space preservation to growth management, planning and strategic decision-making for the county library system. I know this Town. I work here, I live here. I am raising a family here. I am rooted and invested in the civic life of the Town and am determined that we realize our citizens' shared vision for Davidson because I appreciate and understand that towns like Davidson don't happen overnight or by accident.

What can the Town of Davidson do to address the transportation needs of the citizens of Davidson? (1250 character limit): Davidson has a very successful multi-modal approach to serving the transportation needs of its citizens. Our insistence that neighborhoods be connected by streets, bike lanes, walking paths, and sidewalks offers enhances our ability to move in and around the town but also helps solidify the connections we have to each other as neighbors. Our approach to economic development recognizes the advantages of offering our residents more options for working here as well as living here

and for minimizing the need for car travel to get to school, do shop, and to be entertained.

We also recognize that as the region grows traffic flow through Town will be one of our biggest challenges. For that reason, we are working as very active members of regional transportation commissions to secure state and federal funds for rail service between towns to our north and south, Davidson, and Charlotte. As part of that regional commission, we are also exploring plans to create new toll lanes on I-77 to alleviate congestion. We also work directly with NCDOT to ensure that our approach to traffic management and control is reflected and supported in the plans that agency develops for state roads, including Main Street, Concord Road and the Route 73 corridor.

What more can or should the Town of Davidson do to support small business? (1250 character limit): The Town has just launched the Davidson Civic Investment Commission, a nonprofit organization aimed at supporting our commercial base while ensuring that growth in this sector reflects our goals and priorities as a community. The DCIC will be responsible for meeting Davidson's obligations and further improving the climate for small business through the NC Main Street program. We recognize that successful, locally owned small business are vital to Davidson's economic success and help distinguish Davidson as a town and a destination. We are also in the process of implementing a marketing plan to strengthen key commercial areas in town, including the Circles at 30, South Main Street, and Downtown. We must continue to support community-focused initiatives like the Davidson Farmers' Market, Concerts on the Green, Christmas in Davidson, April is Arts and a soon-to-be launched series of twilight 5k runs, all of which attract shoppers and diners to our Town and help promote our small businesses. Finally, we should undertake a Shop Local campaign to encourage residents to support our small businesses.

How can residents get involved in your campaign? Please include campaign manager or volunteer coordinator's contact information (1000 character limit): Residents can call or email me, and I'll be delighted to put them to work!

The NC Voter Bill of Rights

In North Carolina, you have the RIGHT TO VOTE . . .

1. . . . **between 6:30 am and 7:30 pm on Election Day**, or if you are in line or inside the polling place before the polls close at 7:30 pm. (NC General Statute (NCGS 163-166.01)
2. . . . **without presenting any identification or your voter registration card to poll workers.** (NCGS 163-82.8) However, if you are a first-time voter who registered to vote by mail without providing a NC driver's license or Social Security number or other identification, it makes sense to take with you a current and valid photo ID, or a document showing your name and current address, such as a current utility bill, bank statement, or a bill, license, permit, letter or other document from a government agency. (NCGS 163-166.12)
3. . . . **by provisional ballot** if you submitted a voter registration form in the county, but your name is not on the rolls; or if you believe you've registered but your name is not on the list; or if you question the voting district (or ballot) assigned to you and believe that you are qualified to vote a different ballot. (N.C. Administrative Code 10B.0103d.) You must also be given a way to find out whether the provisional ballot was counted, and if not, the reason it was not counted. (NCGS 163-166.11(3))
4. . . **at your same assigned polling place**, if you have moved within the same precinct or changed your name without telling election officials. (NCGS 163-82.15, 163-82.16)
5. . . **in your new precinct or at a central location** if you have moved and lived in your new location for 30 days or more. If you moved and have lived in your new location for less than 30 days, you must vote in your old precinct, cast a provisional ballot in your new precinct, or vote early at an Early Voting site in your county. (NCGS 163-82.15)
6. . . **by using another ballot, if you make a mistake and "spoil" your first ballot.** You can spoil up to three ballots. (NCAC 10B.0104b)
7. . . **with assistance from a person of your choice**, except your employer or agent of your union, if you cannot easily read or write or if you are blind or otherwise disabled. (NCGS 163-166.8)
8. . . **with assistance at the curb, in the vehicle you came in**, or at the door of the polling place if the polling place is inaccessible to you due to a disability. (NCGS 163-166.9)
9. . . **if you are in jail, as long as your citizenship has not been forfeited, or if you are an ex-felon** who has completed all terms of your sentence, including parole and probation -- and if you have registered or re-registered to vote. (NCGS 13-1)
10. . . . **without being intimidated** or forced to vote for anyone you don't wish to vote for. (NCGS 163-271).

You also have the right to take this bill of rights into the voting booth with you.

If anyone tries to deny you these rights when you vote, call the Election Protection Hotline at 1-866-OUR-VOTE or 1-866-522-4723.

For Voters with Disabilities:

Sometimes access to your regular polling place can be difficult. If so, you may want to use Early Voting instead, since all Early Voting sites must be accessible. But if you prefer to vote on Election Day, you can vote from the curb without leaving your car. Polling places have a special spot for curbside voting near the front entrance. Simply pull up and wait and a poll worker will come out to assist you. (Usually, voters entering the polls will alert the poll worker that a car is waiting.) Before you go to vote, you may also want to check the accessibility of the polling place by calling the local Board of Elections or the State Board of Elections at 1-866-522-4723. You have the right to request another permanent polling place before the election if yours is inaccessible. Remember, if you go to your polling place and find it is inaccessible, you can vote at any other polling place in the county by asking for a Provisional Ballot.

For more information on disability rights in North Carolina, call Disability Rights North Carolina at 1-877-235-4210 (voice) or 1-888-268-5535 (TTY). Or visit their website at www.disabilityrightsncc.org

Make sure every vote counts: Be a part of Election Protection!

True democracy means every voter is respected and every vote counts. To make sure the election is fair, you can be part of a national effort called Election Protection. Election Protection is a coalition of national and state organizations that train local volunteers, monitor elections and help voters who encounter problems or see suspicious activity at polling locations. Based on the information it receives, Election Protection can quickly dispatch lawyers to talk with election or court officials and insist that all election laws are followed and voter's rights are respected. You can volunteer to help in three ways:

1. Be a poll monitor who receives training to look for possible problems;
2. Help staff a hotline in North Carolina that relays problems to lawyers and others;
3. Tell others about the Election Protection Hotline and tell them to call if they have problems: 1-866-OUR-VOTE.

To volunteer or to report a problem or suspicious activity, call the toll-free Election Protection Hotline at 1-866-OUR-VOTE (1-866-687-8683).

ONE-STOP EARLY VOTING—Locations, Dates, Times

Hal Marshall Annex—618 North College St, Charlotte
